

INTERNSHIP OFFER

Ref. No. DE-2024-1006-7

Internship Host Information

Internship Host: Technische Universität München
 Mechanical Engineering
 Boltzmannstraße 15, Garching
 85748 München
 Germany

Website:

Location of placement: Technische Universität München, Garching
 Nearest airport: Franz Josef Strauss (MUC)
 Working hours per week: 40.0
 Working hours per day: 8.0

Number of employees: 20
Business or products: University

Student Required

General Discipline: COMPUTER AND INFORMATION SCIENCES;
 ELECTRICAL AND ELECTRONICS ENGINEERING;
 MECHANICAL ENGINEERING

Completed years of study: 3

Field of Study: Computer and Information Sciences, General.; Data Science, General.; Electrical and Electronics Engineering.; Mechanical Engineering.; Mechatronics, Robotics, and Automation Engineering.

Student status requirements: required during the whole period of internship

Language required: English Excellent (C1, C2) Or German Good (B1, B2)

Required Qualifications and Skills:

Teamwork | Communication

Other requirements:

Part of the offer: Finite Elemente

Optional:

- CAD
- Programming C++/Python
- Nanomaterial Experience
- System/Process Development
- Regulatory Compliance and Safety
- Catalysts
- Electrochemical Characterization
- Additive Manufacturing

Internship Offered

Do you want to excel on the cutting-edge of science? Help support the renewable transition through exciting and practical multidisciplinary collaboration? Design, model, and test the advanced materials of the future? Then the Chair of Material Science at the Technical University of Munich (TUM) is the place for you. Come join us at the heart of Bavaria, where the Alps, rich culture, and the famous Isar river await.

Our team consists of passionate, international researchers motivated to make advances for a better future. Our core of material science stretches its branches into vast sciences. We advance polymer and catalyst chemistry for additive manufacturing, coating, fuel cell, and electrolyzer applications. Simulation experience across the domains of FEM, MD, DFT, and CFD marries analytics to our experimental work.

An experience with our Chair will expose you to the latest developments and technology across disciplines. The opportunity to work with bespoke electrochemical test stations, advanced ALD systems, state-of-the-art lithography printers, and high-tech characterization equipment, is just the tip of the iceberg. Along with practical experience in advanced modelling, multidisciplinary science, and engineering, you will gain invaluable connections from the international scientific community.

Number of weeks offered: 12 - 12

Working environment: Research and development

Within the months: 01-OCT-2024 - 31-DEC-2024

Gross pay: 934 EUR / Month

Or within: -

Deduction to be expected: variable

Company closed within: -

Payment method / time of first payment: Other cash or bank transfer / end of month payment:

Latest possible start date: 01-OCT-2024

Accommodation

Canteen at work: Yes

Expected type of accommodation: Info will be handed in later

Estimated cost of lodging: 450 EUR / Month

Accommodation will be arranged by: IAESTE

Estimated cost of living incl. lodging: 934 EUR / Month

Nomination Information

Deadline for nomination: 15-MAR-2024

Date:

23-JAN-2024

On behalf of receiving country:

IAESTE Germany

IAESTE
GERMANY

**IMPORTANT INFORMATION ABOUT
YOUR TRAINEESHIP IN GERMANY
– PLEASE READ CAREFULLY!**

GENERAL INFORMATION

The national committee of IAESTE Germany is located in Bonn as a part of the German Academic Exchange Service (DAAD). Here, the administrative issues of your training are arranged. In Germany there are numerous local committees (LC). In general, the local committee will meet you when you arrive and help you to get in touch with the employer as well as with the public authorities. All of us will do our best to make your stay as pleasant as possible. Not all traineeships are based in large cities where you can find an LC. You will find information regarding the nearest local committee at your "Work Offer". In case there is no LC, IAESTE might not be able to contact you on a regular basis.

WHAT WE EXPECT FROM YOU

We put a lot of effort in raising the IAESTE jobs in Germany. The companies are assured of highly qualified and motivated students for the job. It is therefore required that you read the job description carefully and apply only if you consider yourself qualified. For a satisfactory working relationship between the company and you, it is expected that you have good social skills and can take initiative.

IMPORTANT DOCUMENTS FOR YOUR APPLICATION

1. Student Nominated Form – *can be downloaded at the IAESTE Exchange Platform*
2. "Work Offer" – *can be downloaded at the IAESTE Exchange Platform*
3. Introductory letter to the employer
4. Curriculum Vitae
5. Transcript of records
6. Language certificate
7. Certificate of enrolment – *please only use the attached form*
8. Copy of passport

THE CERTIFICATE OF ENROLMENT

Please note: You must be enrolled during the whole period of training! Due to the law of minimum wage in Germany an internship up to three months may be optional/does not need to be mandatory. If your internship lasts longer than three months this additional time must be a compulsory part of your studies.

THE WORK OFFER

Work offered: It is important to read the job description carefully, as the company expects you to have knowledge of the particular work offered.

Work period: The period of work is stated on the "work offer" and can only be altered to another period if the employer agrees to the new dates. Please apply always for full month, beginning at the first day of each month.

Language requirements: Please prove your language skills with a current language certificate. The language skills which are required from the employer need to be proven. If your language skills differ significantly from what is stated in the certificate, the training may be terminated. Most Germans speak at least basic English.

Accommodation: Unless explicitly mentioned otherwise, the local committee will organize your accommodation. You have full financial responsibility for the rent. Also, for booking accommodations it's necessary that your internship will last whole calendar months because the rent has to be paid by you for full months. Please note that in Germany, usually male and female students share the same floor and sometimes share a bathroom in student dorms or in shared student apartments.

Payment/taxes: Your salary is normally paid monthly at the end of each month according to the amount stated on the "work offer". If your training ends before the end of a month, the salary will be paid proportionally for the days you completed. Foreign students who are in Germany for a practical training and who receive a payment from the employer must pay a certain percentage of their wages as social security contributions. You are exempted from this payment if you receive your wages from the DAAD only and/or if your training is a compulsory part of your course of study. This must be confirmed at the certificate of enrolment.

ADDITIONAL INFORMATION

The DAAD portal: In case of acceptance, you must register yourself at the DAAD portal. Any important information will be sent with your acceptance. Payment and insurance can only be activated after you have finished the necessary steps.

Payment: You need to have sufficient funds for the first month, approximately 861,00 €, to cover your expenses until you receive your first salary. The expenses include for example living costs, rent, telephone costs or public transport. The DAAD does not offer financial support for travel costs or airfare.

Insurance: In order to complete an IAESTE training in Germany, an adequate health-, liability- and accident insurance is mandatory. The DAAD will take out and pay the insurance for you during the period of training.

Visa/Passport: You are required to apply for a visa at your nearest German Embassy or Consulate. It is important to apply as soon as you get your acceptance papers from IAESTE Germany. The application procedure sometimes takes 8 to 12 weeks. Make sure you have a valid passport before leaving for Germany.

Work permit waiver: The DAAD issues the work permit waiver for internships from non-European students which has to be confirmed by the German Federal Employment Agency. Since this is an official document, you are not allowed to write on it. In general, students from EU countries, EEA countries and Switzerland do not require a work permit waiver for a practical training in Germany.

If you have any further questions, please consult your IAESTE national committee.

Finally, we would like to wish you good luck for your application!

Internship Host Information

Internship Host: Clausthal University of Technology
International Center Clausthal
Graupenstr. 11

38678 Clausthal-Zellerfeld
Germany

Website: <https://www.tu-clausthal.de/en/>

Location of placement: Institute of Polymer Materials and Plastics Engineering, Agricolastr. 6, 38678 Clausthal-Zellerfeld
Nearest airport: Hanover (HAJ)
Working hours per week: 39.8
Working hours per day: 8.0

Number of employees: 45
Business or products: Universitätsinstitut

Student Required

General Discipline: MECHANICAL ENGINEERING;CHEMISTRY AND CHEMICAL ENGINEERING

Completed years of study: 2

Field of Study: .Mechanical Engineering.;.Materials Engineering.;
.Polymer/Plastics Engineering.;.Materials Science.

Student status requirements: required during the whole period of internship

Language required: English Good (B1, B2) Or
German Good (B1, B2)

Required Qualifications and Skills:

Research | Microsoft Office | Laboratory Work | Independence

Other requirements:

An official certificate of language proficiency(e.g. TOEFL, TestDaF...) is required.

Basics in Materials Science and Engineering.

Internship Offered

The student will be working in the field of Plastics Processing, such as injection molding, extrusion, filament winding, liquid composite molding, and reinforced plastics.

He/She will be incorporated in the group of scientific co-workers, supporting their Ph.D-thesis.
