BRIEF CONCLUSION

Professors and teachers are supported in the implementation of research projects funded by various sources. For instance: Researchers used to carry out projects with the orders and funding of Science and Technology Fund and Technology Foundation, while research projects are being started to implement with orders and funding of the European Union /Erasmus, Greb, Switch Asia/, United Nations Children's Fund, ADB, Koica, JICA, Czech Development Agency, Oyutolgoi LLC and Erdenet Industry SOE.

On average, about 90 domestic and foreign-funded research projects are being implemented at MUST with contracts worth 2.9 billion MNT. In other words, it is commendable that professors and researchers are more active in carrying out projects and research, and it tends to increase the number of projects being implemented.

Considering the percentage of total financing by sources:

- Science and Technology Fund, MECS – 26%,
- Technology Fund, MUST- 4%,
- Foreign Universities Fund, International Organization Fund – 55%,
- Domestic Factories and Enterprises' Fund, other sources – 15%

Regarding the contract work, about 150 large and small ordered works are signed annually worth about 3 billion MNT, of which 1.6 billion MNT are being financed.

From the income of these projects and contracts, MUST receives about 265 million MNT per year. More clearly: from the project - 85 million MNT, from contract work - about 180 million MNT are benefitted.
